

**What about AI???**

# AI + SOFTWARE DEV = ???

- There are open source and commercial Integrated Development Environments (IDE) today:
  - Steve Yegge is building “chat oriented programming” (CHOP) at Sourcegraph. Read [The Death of the Junior Developer](#)
- Maybe many more developers, like “no-code”?
  - Maggie Appleton presented at Local-first Conf. Read [Home-cooked Software and Barefoot Developers](#)
