

COMMONS BASED PEER PRODUCTION

Lots of people work on it, everybody benefits from it, and then people can build upon it (even in a revenue generating fashion)

[Ted Leung: Explaining Commons Based Peer Production, er, Open Source \(2005\)](#)

FREE

- open source is “free as in speech” (a license or ideology) not “free as in beer” (no cost)
- How about: “free as in puppies”
